Schedule of Classes, 11/IS

Registration begins Monday November 15th, 2010. Advising begins Monday, October 25th, 2010. Students with declared majors must contact their faculty advisor prior to registration. Students who have not yet declared a major should seek advisement from one of the counselors in the Office of Freshman Studies and Academic Enhancement, room3006. You may need to make an appointment or follow a prescribed schedule. Please see your advisor beforehand to make necessary arrangements. Your specific date and time for registration is determined by your class standing and cumulative credits. The Office of the Registrar e-mails students a letter stating their appointment time and other important registration information. You may register on or after your appointment time, but not before.

All registration will be conducted through Web Advisor. For certain situations, in-person registration will be allowed. Students who need in-person registration should come to the Registrar’s Office, room 2000. On registration day, you should have with you, your completed Registration Request Form with courses that have been pre-approved by you and your advisor. Please select alternate courses in case of closed sections or conflicts. The completion of the registration process is contingent upon successful completion of pre-requisite courses and payment of tuition as directed by Student Accounts.

How to make the most of your academic advising appointment

Before your appointment:

- Prior to your scheduled registration appointment, contact your advisor to schedule an appointment (*tip: check advisor office hours; and if you do not know where your advisor is located, check the directory kiosks located in the lobby).
- Write down any questions you have about major requirements, concentrations, electives, career opportunities, etc.
- Organize all your registration documents in a folder and bring it with you to advising appointments: Some contents should include: (advisor contact info, list of classes you are interested in, updated unofficial copy of your transcripts (access through TerrierWeb), and copies of any needed forms like declaration of major, independent study, etc.
- Look into college opportunities such as study abroad, independent study, and internships
- Create a desired schedule for the next semester *on your own*, bring it with you to your appointment and discuss it with your advisor.

During your appointment:

- Spend some time in your appointment getting to know your advisor.
- Discuss your interests and what your educational and career goals are.
- Review your degree audit/check sheet with your advisor.
- Ask about opportunities available in the department and/or with outside contacts.
- Discuss any questions or concerns you might have.

After your appointment:

- Enroll in the courses for which you and your academic advisor have discussed.
- Resolve any holds that could prevent you from registering on time.
- Remember your Terrier login and password (*tip: if you lost your access information go to the Student Technology Services office room 4209*).
- Check the Schedule of Classes online (search by course, time, instructor, day of week).
- Register online on your scheduled registration date.
- Being accountable for decisions is important, since it is ultimately up to *you* to make sure all your degree requirements are met.
