Schedule Introduction

Registration is approaching for next semester. Please refer to SFC.EDU/CALENDAR for advisement and registration dates. Students need to meet with their advisor prior to registration. If you have declared your major, you should contact your faculty advisor prior to registration. If you have not yet declared a major, you should seek advisement from one of the counselors in the Office of Freshman Studies and Academic Enhancement, room 3006. You may need to make an appointment or follow a prescribed schedule. Please see your advisor beforehand to make necessary arrangements. Your specific date and time for registration is determined by your class standing and cumulative credits. The Office of the Registrar will notify you of your appointment time and other important registration information. You may register on or after your appointment time, but not before.

All registration will be conducted through Web Advisor. For certain situations, in-person registration will be allowed. Students who need in-person registration should come to the Registrar’s Office, room 2000. On registration day, you should have with you, your completed Registration Request Form with courses that have been pre-approved by you and your advisor. Please select alternate courses in case of closed sections or conflicts. The completion of the registration process is contingent upon successful completion of pre-requisite courses and payment of tuition as directed by Student Accounts.
