

Environmental Studies

Office: Room 5001 or Room 5220
Phone: 718.489.5347 or 718.489.5439

Coordinators

Dr. John Dilyard
 Dr. Kathleen Nolan

The Environmental Studies Minor is a multidisciplinary minor designed to provide students with a broad understanding of the relationship between the environment and society from different perspectives. Its primary objective is to give students an

appreciation and understanding of current environmental issues, policies and challenges. At 15 credits, it fits into the free electives for most majors, from the business to the liberal arts to the sciences.

Program Requirements

Minor in Environmental Studies

Courses	Credits	Prerequisite(s)	Co-Requisite(s)
