Dennis J. McDermott ’74
While today’s St. Francis College students hail from remarkably diverse backgrounds, a common characteristic for many is the fact that the availability of a scholarship is the deciding factor in their ability to attend college. Providing the aid that helps these intellectually gifted and tremendously motivated young men and women earn a college degree and reach their potential represents the core of St. Francis College’s mission.

The difference that a St. Francis education is making in the lives of today’s students, just as it did for generations that came before them, and as it will for those who will follow, underscores the enduring impact and value of the College’s Endowed Scholarship Program.

What is perhaps most poignant about St. Francis College’s Endowed Scholarship Program is how each fund honors the contributions and achievements of past members of our community, while simultaneously recognizing the success and potential of our current members - today’s scholarship recipients. As you leaf through the following pages you will encounter many familiar names that have been forever honored by an Endowed Scholarship alongside the name of the fund’s current recipient. I cannot think of anything that better celebrates our St. Francis College family.

I am confident that you share my pride in this year’s scholarship recipients. Their hard work, energy and positive attitude is truly inspirational. On behalf of the entire St. Francis College community I congratulate them.

Also on behalf of the St. Francis College community I want to express my heartfelt gratitude to the individuals whose financial support enables us to offer scholarships to our most deserving students. By enabling our students to make the most of their abilities, the legacy created by your uncommon generosity will extend far beyond the confines of our campus on Remsen Street.

Sincerely,

Brendan J. Dugan ’68
